Dear Kandie,

I was at you presentation Saturday at the Putnam County Museum, and my mother and I had the most wonderful time! Our newspaper has column where the community can write in with various comments about things, and I have written about how wonderful it was. I really hope you will come back to our area again, I would love to see your other shows, or that one again would be fine! I am a history buff, and that explained a lot of things I wasn't really clear on about the dress of the times. Thank you so much!

Sincerely,

Courtney Dickey
