Hi Kandie,

July 18, 2001

Thank you so much for an entertaining and educational afternoon program. You really were great and everybody enjoyed your program. We are very appreciative of the large crowd that you brought in to Ventfort Hall. We are the struggling 'new kid on the block' in the museum field in the Berkshires and this will surely help us gain popularity among area people.

Thanks again and we look forward to inviting you back for another show soon!!!

Take care,

Lani Sternerup
